## Elbow of rain

When the world is in error, without hope,  
add drops of water to the drum of rain.

The sky is a magician's way.  
The shadows of the clouds are rain.

In the main window,  
on the Sunday after.

The rain did not, could not.

High elbow of rain on Sunday, the rain, the road to the top.

In its place;

(the country announced the number of songs heard before)

High elbow of rain on Sunday, the rain, the road to the top.

The sky is blue.

I dream to do.

Still, it is not implemented.

Then one day I'll wish you S. T. A. R. S  
and watch large clouds behind me.

Where troubles drops its fiery face,  
there you can find me.

Elbow - rain - fly.

If the bird are to fly after the rain;  
Why\_ oh why\_ cannot I?

All is an opportunity to review.  
Why\_ oh why\_ cannot I?

Yet, this space that was stopped on the street.  
My love lived in this house 'n' city for many years;  
still, the house is at the same course.

The man poured and in the air;  
a desperate hand, pain and violence.  
Grey I see his face, as the moon sighs of main-options.

Double! They lead officially!

What kind of love to my great regret is mocked?  
At this stage, I am not injured.  
Several rooms in the old days?
